

ELEMENT G4

Constant Current Compact – Non dimmable

A termék jellemzői

- Supply voltage: 220...240 V
- Fixed output (no dimming)
- Line frequency: 50 Hz | 60 Hz
- Line voltage: 198...264 V
- According to EN 61347-1, 61347-2-13, 62384
- Line harmonics according to EN 61000-3-2
- Immunity according to EN 61547
- SELV

A termék előnyei

- Versatile scope of application due to output power range of up to 42 W
- Safety ensured by OSRAM (SELV)
- High compatibility with COBs and discrete LEDs

Alkalmazási területek

- Spot light and down light
- Panels
- Other Indoor LED luminaires
- Suitable for indoor SELV installations

Ecodesign regulation information:

Intended for use with LED modules.

The forward voltage of the LED light source shall be within the defined operating window of the control gear in all operating conditions including dimming if applicable.

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.

Lemondás
